Supplementary material Int J Gynecol Cancer

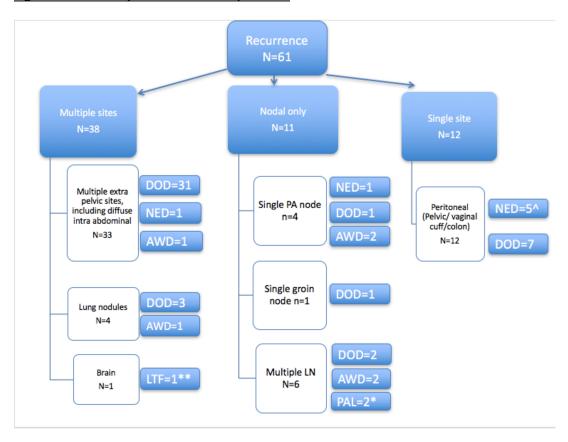

Figure S1. Summary of all recurrence patients:

DOD= died of disease, LFT=loss to follow-up, NED=no-evidence of disease, AWD=alive with disease, PAL=palliative, PA=para-aortic, LN=lymph nodes

^{*}Those patients were referred to hospice

^{**}This patient was LFT after she was diagnosed with recurrence

[^]One of this patients was free of disease 10 years post treatment for recurrence, she died of stroke (not disease related).
