LONG-TERM SURVIVAL OUTCOMES OF INTRAVENOUS COVID-19: A REVIEW OF THE IMPACT OF THE PANDEMIC ON OVARIAN CANCER PATIENT ADVOCACY ORGANIZATIONS FROM AROUND THE WORLD

F Reid*, C MacKay. World Ovarian Cancer Coalition, Canada

Introduction The World Ovarian Cancer Coalition is a not-for-profit organization that works with patient organizations in 47 countries around the world to ensure that every woman diagnosed with ovarian cancer has the best chance of survival and best quality of life where ever she may live.

Methods Concerned about the impact of COVID-19 on all aspects of their members’ work, a survey was conducted as part of a joint effort with four other global cancer coalitions.
